

FOR SALE - Two adventure/touring-ready 200cc Yamaha “Trailway” TW200s

Millage

2020 make - 2,400 miles

2019 make - 5,200 miles

Price

Asking \$3000 total for both; or \$2000 sold individually. (MSRP of \$4599, each.)

Condition

The bikes are in perfect working condition, broken in properly, and have been treated with exceptional care.

These bikes are tanks — they took us through deserts, jungles, and mountains across Mexico all while being nimble and fun for commuting in large cities and small villages. (See [FortNine’s review](#) for more.)

Mods

15L (4 gal) fuel tank

Upgraded LED headlight

Adjustable LED auxiliary lights

Removable, waterproof, theft-resistant, pelican top box

3 tool tubes

Hand Guards

Bar Risers

Tachometer

Self-sustainable toolkit (spare tubes, mini air compressor, chain breaker, the works)

Removable soft luggage

Ion battery (in perfect health)

Tough as hell skid plate

Upgraded mirrors

Kick starter (not yet installed)

Dial-a-jet for adjusting jetting in higher altitude on the fly (not yet installed)

Sheepskins for climate control and comfort.

And many more...

See bottom of image list for more mod details.

Title transfer and registration

Both vehicles are currently located in a Mexico free zone: Chetumal, Quintana Roo.

Both vehicles are registered in South Dakota, USA, which means title transfer (along with a new registration) can be completed by mail from a foreign country. (More details [here](#).)

Why we are selling them at such a low price?

Our trip has come to an end. We would rather sell these bikes here than move them back north to the USA border.

[Download higher resolution photos here.](#)

If you have any questions or concerns, we’re happy to answer them.

Left: 2020 TW200, Right: 2019 TW200

2019 TW200 - 5197 miles

2020 TW200 - 2443 miles

Drum back brake (front is a disk brake).

Both motorcycles come with helmets and (never dropped) along with Cardo Packtalk Slim communicators.
Helmet models: Shoei rf-sr, AGV Sportmodular Carbon

Oil changed regularly. Zero leaks.
Super tough ricochet skid plate protects the engine.
(The disconnected cable is a spare brake line ready to go.)

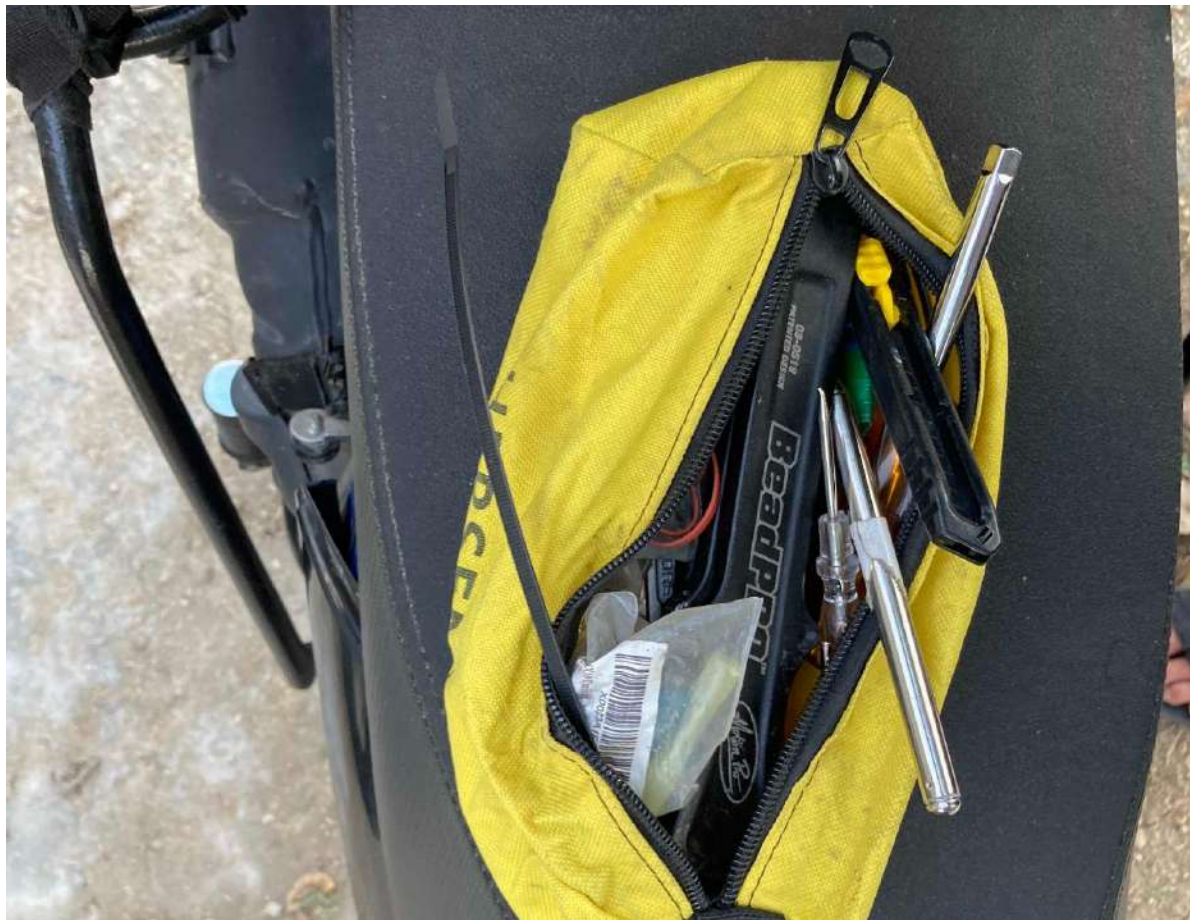

Adjustable aux lights triggered by the Hi-beam switch.

Waterproof removable/theft-proof Pelican box and 3 tool tubes.

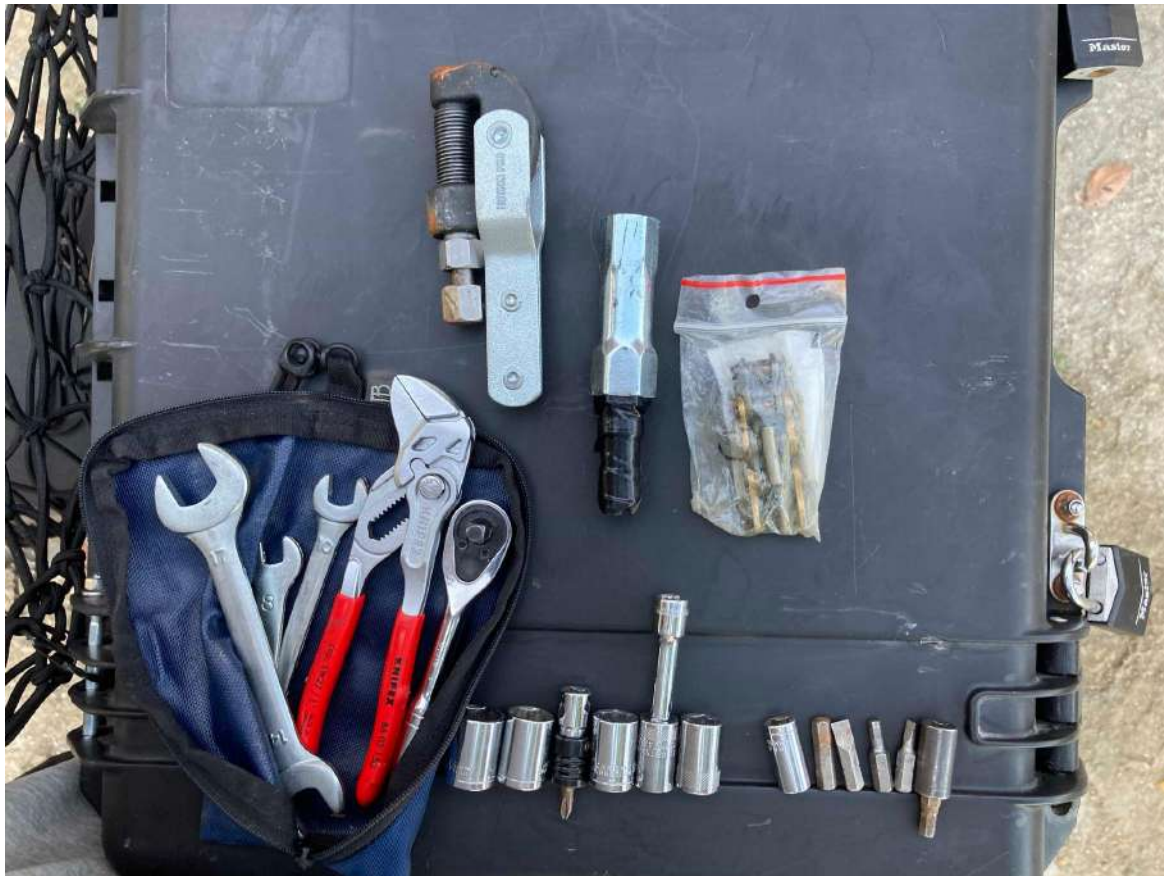

Spacious yet top box storage.

Lockable, water-tight tool-tube houses the less frequently used tools such as tire irons, bead breaker, loctite, spare fuses, wire splicing components, circuit continuity tester, etc. (Tools included)

Includes a hidden cache for main tool set (Tools included).
Includes small but mighty air compressor, clean title, spare keys, and machete.
