

This is from the agency in Cambodia. Start reading from the botum....

Dear Sue,

Thanks for your info & question.

I don't need to contact with you friend.

You can lock the padlock to your container as you want and the size 363 with long neck but i have Container Lock Seal for this container already

Do you have any contact address in Jakarta ? because i need it to post on Bill of Lading and will let you know how much you should pay at Destination, Jakarta. or you can find any agent by yourself as you need.

Best Regards,  
Lim Seang

Dear Lim Seang

Thank you very much, our friends would like to share the container with us please. We would like to ship the cars next week please, the weekend of 17-19th February. Please can you tell us who the agent is in Jakarta so we can find out the costs in Jakarta? Can you tell us when the ship should arrive in Jakarta and when we will collect the cars please?

Would you like to contact our friends directly or is it easier to do it through us?

Can we put our own padlock on the shipping container once it is loaded? If we can please can you tell us where we can buy a suitable padlock? What size does it need to be?

Many thanks  
Sue White

Dear Sue,

Yes, please read information from my agent at Indonesia as below:

Thank you for this query, but for used car cannot be imported to indonesia in a normal way, Only in case of there are International activities and cars are needed, then they are allowed to bring in used car,

Otherwise we cannot .

Bottom line, the cnee MUST have permit to bring in this used cars,

Thank you,

Yes, from Phnom Penh Port we need across Vietnam that may take longer.

You can share with your friend because one container can load 2 cars, you just need to pay more customs clearance \$280 & Equipment to tie car: \$80 more for the second car only.

Best Regards,  
Lim Seanga

Dear Mr Lim

Thank you very much for that. We are planning to go to the Indonesian embassy next week to check but understand that we can take the car temporarily into Indonesia with a carnet. Do you know of any reason that we can not import it temporarily into Indonesia? I presume there is no ferry from Cambodia to Malaysia or Indonesia?

We have some friends with a similar vehicle who might be interested in sharing the container with us to Indonesia, please can you tell us how much it would cost for each car. They would both fit in one 40 feet high top container. Would we ship from Sihanoukville or from Phnom Penh, I had assumed it would be Sihanoukville. Is that correct?

Many thanks

Yes really, you need to empty it before loading in container even your car tank also not have much gasoline allowed.

Do you check with Indonesia government already ? They allow you import your car into their country?

Dear Mr Lim

Thank you. We have a small LPG tank on the car for cooking, please tell me if we need to empty it before we ship the car?

Many thanks

Dear Mr Lim

Thank you very much for these quotes and your prompt response. Please can you tell me how often the ships go to Jakarta and when they go in the next few weeks? Our visas for Cambodia run out on the 22nd February, so we need to leave by then, but we would like to visit more of Cambodia first.

Kind regards
